

# SARMA Newsletter 6/2006

**7 Dec 2006**

Dear members of the SARMA community,

Please find below the SARMA Newsletter with information on SARMA's activities, and on other national and international events and publications.

We would like to draw your attention to the fact that, after some months of retraction and contemplation, the SARMA board releases a New Strategy. To learn more about this strategy and discuss with the Board, you are kindly invited to participate to a "Stammtisch" on this subject (17 January 2007, Bern - see item 1 of this Newsletter)

With my best regards.

Kirsten Leufgen
